

Question 1 Assign truth values to the following statements (and, or, not). Enter only *T* for true and *F* for false.

- $T \text{ and } F = \boxed{?}$
- $T \text{ or } F = \boxed{?}$
- $\text{Not } F = \boxed{?}$

Question 2 Assign truth values to the following statements (If then). Enter only *T* for true and *F* for false.

- $T \rightarrow F = \boxed{?}$
- $F \rightarrow T = \boxed{?}$

Question 3 Consider the following statements: Assign truth values to these statements ((if and only if).

- *COMP 61 is a course at Tufts University or my hair is naturally green.*
 $\boxed{?} \text{ or } \boxed{?} = \boxed{?}$
- *COMP 61 is a course at Tufts University and my hair is naturally green.*
 $\boxed{?} \text{ and } \boxed{?} = \boxed{?}$
- *If COMP 61 is a course at Tufts University then my hair is not naturally green.* $\boxed{?} \rightarrow \boxed{?} = \boxed{?}$
- *If COMP 61 is a course at Tufts University then my hair is naturally green.* $\boxed{?} \rightarrow \boxed{?} = \boxed{?}$
- *If COMP 61 is not a course at Tufts University then my hair is naturally green.* $\boxed{?} \rightarrow \boxed{?} = \boxed{?}$
- *COMP 61 is a course at Tufts University if and only if my hair is naturally green.* $\boxed{?} \leftrightarrow \boxed{?} = \boxed{?}$
